PLE0085

HomePlug 1.0 Turbo Ethernet Adapter

- 1 Power Line Port
- 1 Ethernet Port

Description

The PLE0085 provides convenient powerline access to office/family users by sharing a simple AC power line network. Embedded Homeplug 1.0 Turbo interface enables you to connect one PC ethernet port to another PC's at other end of power line, and not limited by the wall or layer that block RF wireless communication.

Features

- 1 Power Line Port
